

## **Holy Spirit Home Limited**

*"We are a values driven organisation and promote workplace flexibility around family needs; a strong 'family first' policy.*

*Promotion is not based on your ability to 'put in the hours' more so your attitude and ability to do the job. We have supervisory staff who have flexible work arrangements around full and part time work (mostly women).*

*We have developed a strong and cohesive culture of trust and support through sensible, flexible work practices. Almost 70% of staff have been with the organisation 5 years or more. A compelling statistic supporting the culture we are so proud of."*

Statement by Paul Murphy, Group Human Resources Manager, Holy Spirit Care Services.
